1/2 Chest	33	36	39	42	45	47	49	51	53	56	59	62	65	68	72	76	80

How to find your perfect sized hoodie

1. Take a hoodie from your wardrobe you like the fit of. Lay it flat.
2. Measure from one side of the hoodie to the other, straight across the chest. 2.5cm below the armpit.
3. Compare that measurement to the size chart.

Note: If your measurement sits between a size, choose the larger of the two
